

Lyra Lillis

Summer 2025 - Enfield County Lower
School, Jigsaw Arts Enfield

This term in Dance, we have been learning a fun and energetic routine to "Can't Stop the Feeling" by Justin Timberlake. The choreography includes large, repeated movements that help develop coordination, and rhythm. Through repetition, the group are learning to remember and follow a simple sequence of steps, building both memory and confidence. The group have shown great enthusiasm and focus, and it has been wonderful to see their confidence grow each week. It's a pleasure to teach Lyra. Every week, Lyra enters the room full of energy and smiles, ready to start class. She has great rhythm and musicality. I'm excited to see her skills continue to grow here at Jigsaw. Well done, Lyra!

In Drama, we have had so much fun pretending to be different characters and using our facial expressions to show a variety of emotions. The children have been learning to use their voices, bodies, and expressions to bring their role play to life. It has been amazing to see their confidence in their creativity grow each week! Lyra loves drama. She's always focused and follows directions well. I'm especially impressed by how she pays attention to the small details when exploring different characters. I would like Lyra to continue expressing herself even more. Brilliant work, Lyra!

This term in Singing, we have been exploring our voices through fun and engaging songs. We have been tackling simple repetitive melodies and have introduced basic rhythm through clapping and moving to a steady beat. The class has been full of energy and smiles, and it has been a joy to see how much the children have enjoyed singing together each week. Lyra approaches singing with enthusiasm and joy. She's beginning to grow in confidence and is starting to use her voice with clarity and control. I would like Lyra to work on her projection so that we can hear her even louder. Great start to the term, Lyra!
